

## Pathways to Education Volunteer Application

The Pathways to Education Program<sup>®</sup> works to assist students during their high school careers, helping them successfully graduate and continue on to the post-secondary education, training, or employment of their choice. The program provides a system of four supports:

- **Academic:** Tutoring in the five core subjects;
- **Social:** Group mentoring activities twice a month
- **Financial:** Immediate financial support such as bus tickets tied to attendance and a scholarship for post-secondary education for each year they successfully complete high school and the program;
- **Advocacy:** Youth Advisors who help connect teens, parents, school administration, teachers and community agencies.

The Pathways program is working in two priority neighborhoods within the Saint John area: South End & Waterloo Village. The Program's focus is on ensuring that young people from these communities achieve their full potential by getting to school, staying in school, graduating and moving on to post-secondary programs. All programming is delivered at the host agency; Teen Resource Centre, which is located at 28 Richmond Street. TRC provides a safe and encouraging environment for our youth to explore their full potential.

Thank you for choosing to join the Pathways to Education Team. Please take some time to complete this application package thoroughly. The application form should be accompanied by a current resume. You will also be asked to provide a recent Social Development and Police Check.
